PASS RECOUNT BILL, DEMANDS GOV. HUGHES

N. Y. EXECUTIVE, IN MESSAGE, CALLS FOR ACTION ON MAYORALTY.

ALBANY, N. Y., May 23.—Governor Hughes today sent an emergency message to the Senate, calling for the passage of the New York city mayoralty recount bill, and recommending that the Legislature postpone final adjournment until the bill becomes a law.

OPEN BATTLE TO-DAY IN FAMOUS EDDY SUIT

COUNSEL OF SCIENTIST LEADER FIGHTS CLAIM OF "NEXT FRIENDS."

Special to the Boston American. CONCORD, N. H., May 23.—In a crowded almost to suffocation, Judge Robert N. Chamberlain of Berlin, N. H., on the Superior Court of Merrimack County, today heard the hearing in the famous suit which Mrs. Eddy's relatives as "next friends" have brought to determine her estate is being handled, and her ability and mental condition.

Attorney General Frank S. Worcester, leading counsel for Mrs. Eddy's trustees, opened with an address in which he stated in brief the case from his standpoint. He said:

"This suit was not brought by Mrs. Eddy, but by persons claiming to be her 'next friends,' who by this without her consent, knowledge or advice, have brought this suit against her estate. The trustees I represent appear here under the authority of the bill, and I am here to defend her estate without the intervention of friends."

Declares Meikle Shot Himself as He Entered Door Without Speaking—Circumstantial Account Given to the Police.

The story that Edgar Weston Meikle told the police regarding the tragedy at his home was related today on the witness stand by Captain William H. Proctor, of the State police, in the Salem Superior Criminal Court, where the sixteen-year-old Lynn boy is on trial, charged with the murder of his father.

This is the first time the boy's story has been told in detail as related to the police, and it is presumed that if he takes the witness stand in his own behalf it is the one he will tell himself.

"I had been at home all forenoon," Proctor says young Meikle told him. "I had been reading the clock the postman brought me a letter addressed to my father."

It was from my school teacher. I opened the letter and read it. (This letter asked Mr. Meikle, the boy's father, if Edgar had left school for good.)

"I was in the kitchen, over by the stove, when I saw the clock. I picked up the pistol, and I shot at the clock and it went over to the Meikle's house, and told them what had happened."

"I shot as he opened door."

"After reading the letter I went over to the Meikle's house and got a key to open the door of our house. I wanted to take out my gun. I did not intend to go to school any more."

No one of the editorial "news" articles which the United Shoe Machinery Company has hired printed in such newspapers as would sell their opinions for each had attracted so much attention as the article headed "Four Silent Ones."

"This article was aimed at the four Democratic Senators who sat silent in their seats and refused to vote when the shoe machinery trust bill, to which the shoe machinery trust object, was being considered in the Senate."

Appeared in *Vittum's Paper*.

The sensational feature of this article, which the trust hired printed in so many newspapers, is its declaration that the shoe machinery trust bill was "a bill to give the shoe machinery trust a monopoly of the shoe machinery business in the United States."

The only difference between the article in *Vittum's Paper* and the article in the *News* is that the *News* article declared that the shoe machinery trust bill was "a bill to give the shoe machinery trust a monopoly of the shoe machinery business in the United States."

One of the newspapers which printed the article was the *Weekly Times*, owned by Representative Vittum. There was nothing in Mr. Vittum's name to indicate that he was being paid by the shoe machinery trust.

chinery Trust preceded yesterday's defeat in the House of Representatives.

All told, there were five of the semi-official or wholly editorial attacks. There were "Four Silent Ones" holding up the public notice of four Senators; there was "Vicious Legislation," in which "vicious" "lobbyists" were represented as "The Public Enemy"; there was "The Public Enemy," in which "The Public Enemy" was represented as "The Public Enemy."

BOY'S STORY OF SHOOTING TOLD POLICE

Continued from Page One.
Captain Prater told about his visit to the Meikle house on November 16, 1905, nine days after the father's death.
Q—Who did you find at the house?
A—I found Mr. McCarthy and Mr. Meikle, the boy's uncle.
Q—What did you do? A—I made a search but found nothing.

Found Revolver Box.

Q—Will you state what you found?
A—The first thing I drew my attention was the stage hanging on the side of the wall. I went around the house, then Captain Prater identified two boxes which had been produced as evidence. I examined the contents of the boxes and found a school bag, a blue revolver box, the revolver, and a small box containing a letter. I found two cartridges in the box, and a letter addressed to the boy's father. I found the letter in the box, and it was a letter from the boy's father to the boy, dated the day before the shooting.

Shot Self Said Lad.

Q—What was said in the letter?
A—I found the letter in the box, and it was a letter from the boy's father to the boy, dated the day before the shooting. The letter was written in the boy's father's hand, and it was a letter of love and encouragement. The boy's father was a man of great character, and he was a great lover of his son. The boy's father was a man of great character, and he was a great lover of his son.

Children Cheer Warrior.

Then the sergeant at arms pointed to the children who were crying the Japanese soldier and explained that here were the American school children. This was translated to Kuroki.
Wanted to Shake Hands.
Instantly the warlike warrior did a graceful and kindly thing. He said he would shake hands with these brave men and women of America. The children were ranged in line and General Kuroki bowed to each of them. He then shook hands with the children, and they all cheered and waved their hands. The children were very happy to see the general, and they all cheered and waved their hands.

Farnsworth, brother of the late Clarence W. Farnsworth. The discovery was made when a divorce of the late Clarence W. Farnsworth was granted by the court. The divorce was granted on the ground of cruelty, and the court found that the late Clarence W. Farnsworth was a man of great character, and he was a great lover of his wife.

Explained Getting Key.

Q—Do you recall anything else that was said at that time?
A—I asked him if he did not know that Mrs. McBride could not get into the house without a key. He said that he did not know, and he said that he did not know. He said that he did not know, and he said that he did not know. He said that he did not know, and he said that he did not know.

GEN. KUROKI'S GREETING GIVES JOY TO CHILDREN

Japanese Hero Shakes Hands With Kindergarten Pupils at State House.

While hundreds of spectators cheered, General Kuroki, the hero of the Yalu and the fall of the great Japanese port, today shook hands with forty little kindergarten children who happened to be on their annual visit to the Boston State House at the same time that the distinguished military man was being escorted about the building by Sergeant at Arms David M. Remington.
The meeting between General Kuroki and the schoolchildren occurred at 10:30 a. m. in the Memorial Chamber on the second floor. Massachusetts has no display presents Revolutionary relics.

The children were from the Hancock Kindergarten School, Somerville, forty of them in charge of Miss (Caroline) Ward, the little ones ranged from four to six years old. Miss Remington was shown the way, and she gave them a little gift. Suddenly a crowd appeared in the corridor. Sergeant at Arms Remington, accompanied with Kuroki and members of the Japanese party at his side. Sergeant at Arms Remington explained to the children that the Japanese soldier was there to shake hands with them. The children were very happy to see the general, and they all cheered and waved their hands.

LANG YAWNS AS HE RECEIVES LIFE SENTENCE

While Judge Putnam, in the United States Circuit Court today, was saying, "On the face of what appears to the evidence you have been guilty of willful murder and are sentenced to be imprisoned for life," Edward P. Lang, private in the Marine Corps, who shot and killed Corporal John J. Quinn of Manchester, N. H., at Guantanamo, Cuba, on November 12 last, deliberately yawned and stretched himself as though utterly unconcerned.

Lang's trial took place about two weeks ago. It was a preliminary affair, for the prisoner had confessed that he had killed the corporal in Cuba, in order to escape. He was found guilty of murder, and life imprisonment was the penalty attached. Judge Putnam today sentenced the defendant to prison for the remainder of his life. The trial was held in the United States Circuit Court today, and it was a preliminary affair, for the prisoner had confessed that he had killed the corporal in Cuba, in order to escape. He was found guilty of murder, and life imprisonment was the penalty attached.

While hundreds of interested spectators gathered in the lobby, corridors and parlors, the visiting guests and the Boston police were to the main dining room, where an elaborate breakfast was served. At the table Mayor Fitzgerald made a brief speech of welcome, to which General Kuroki responded in English. The general then spoke of the honor of his visit to the Harvard Medical School, and he expressed his appreciation of the hospitality of the Harvard University. ST. LOUIS, May 23.—After a long trip on the road from Chicago, the Pilgrims arrived here for a four-game series with the Browns, the first of which will be played this afternoon.

It is expected that the two teams will put up one of the closest contests today of any of the series in the season. The locals are now in the sixth place, but the visitors defeat them they will jump into that position.

Manager Lagans of the Hubs aggression when asked that he has lost at least three games in this city, and thereby go into sixth place.

"We have some hard games on the road," said the new Boston manager, "but I don't think as the boys get home they will play the first-class ball of which they are capable."

They have been very successful in the past, but have been very narrow margins, but when we are on our own ground I am confident that luck will be in our favor."
